English

### SUMMARY

I'm a passionate Web Developer with 1.5 years of experience, including six months as a MERN Stack Developer at NextPak Agile Solutions and currently working with Vue.js, Laravel, and MERN technologies at Devikons. I specialize in building responsive web applications and thrive on integrating new technologies to push innovation. With a strong foundation in both frontend and backend development, I am dedicated to continuous learning and staying updated with the latest trends. Let's connect and create cutting-edge solutions together!

### WORK EXPERIENCE

#### Full Stack Developer

DEVIKONS

current

- Specialize in both front-end and back-end development with a focus on Vue.js, React.js, and the MERN stack.
- Lead front-end development for projects using Vue.js and React.js, delivering engaging and responsive user interfaces.
- Collaborate closely with backend developers and designers to ensure seamless integration and a consistent user experience.
- Develop robust backend solutions using Node.js, Express.js, and MongoDB, with additional experience in Laravel.
- Proven track record of delivering high-quality projects by working effectively within multidisciplinary teams.

#### MERN Stack Developer

NEXTPAK AGILE SOLUTIONS

6 months

- Developed innovative web solutions using the MERN stack (MongoDB, Express.js, React.js, Node.js) at nextPak Agile Solutions.
- Designed intuitive user interfaces and robust APIs, ensuring seamless interaction between front-end and back-end systems.
- Created efficient database structures with MongoDB to support scalable and high-performance applications.
- Conducted rigorous testing and optimization to ensure exceptional performance across various platforms.
- Gained comprehensive experience in MERN stack development, positioning myself as a skilled developer in the fast-paced digital landscape.

### PROJECTS

Portfolio Website

[haseeb-five.vercel.app](https://haseeb-five.vercel.app)

- Highlights a variety of full-stack projects, showcasing skills in both front-end and back-end development.
- Features a user-friendly layout with sections on technologies and experience.

E-commerce Platform

[e-shop-sandy.vercel.app](https://e-shop-sandy.vercel.app)

- Developed a comprehensive, responsive e-commerce platform with features including user authentication, email verification, password recovery, and real-time chat support.
- Implemented a mobile app installation option, admin panel, and light/dark mode, enhancing usability and flexibility for users..
